

## FactoryMation Adds Solid State Relays

*New El.Co Solid State Relays Available*

**Canton, GA – August 23, 2017** – FactoryMation has extended its line of ElectroComponents Italy (El.Co) Solid State Relays. These new El.Co solid state relays are available in four main varieties: “Hockey Puck” style, SC1 Slim-line Series with integrated heatsink, High Current models with integrated heatsink, and Three-Phase models with integrated heatsink. All four solid state relay styles have zero cross switching and include an LED to indicate the presence of input voltage. Each relay also features an internal snubber to protect against transients. Starting at \$14, El.Co Solid State Relays are just another example of FactoryMation’s commitment to offering an unmatched value for industrial control and automation products.

FactoryMation is a nationwide supplier of industrial control products including AC drives, Motors and Motor Controls, Enclosures, HMIs, PLCs, Sensors, and more. Through the cultivation of direct relationships with world-class manufacturers from across the globe, FactoryMation offers competitive pricing on high-quality industrial-grade products. Over 40,000 products are strategically stocked at their distribution center near Atlanta, Georgia and other conveniently located third-party warehouses ensuring that orders ship promptly and arrive when needed. Knowledgeable customer support is available to assist with product selection to make sure you get the items that best fit your application requirements. When considering product quality, availability, delivery, price, and support, you will see FactoryMation is committed to offering an unmatched value and why they should be your go-to source for industrial control and automation products. Orders can be made quick and easy via online, phone, email, or fax. For more information or to request a catalog see [www.factorymation.com](http://www.factorymation.com) or call 1-800-972-0436.
